INSPECTION REPORT

WELCOME:

The President of the Organizing Committee and the Belgrade body building and fitness federation, Mr. Aleksandar Đorđević, invites competitors to participate in the IFBB AHILEJ BELGRADE OPEN 2022 to be held in:

BELGRADE, SERBIA, OCTOBER 9th, 2022.

"The sky above Belgrade is wide and high, unstable but always beautiful; even during winter serenities with their icy splendour; even during summer storms when the whole of it turns into a single gloomy cloud which, driven by the mad wind, carries the rain mixed with the dust of panonian plain; even in spring when it seems that it also blooms, along with the ground; even in autumn when it grows heavy with the autumn stars in swarms. Always beautiful and rich, as a compensation to this strange town for everything that isn't there, and a consolation because of everything that shouldn't be there.

But the greatest splendour of that sky above Belgrade, that are the sunsets. In autumn and in summer, they are broad and bright like desert mirages, and in winter they are smothered by murky clouds and dark red hazes. And in every time of year frequently come the days when the flame of that sun setting in the plain, between the rivers beneath Belgrade, gets reflected way up in the high celestial dome, and it breaks there and pours down over the scattered town. Then, for a moment, the reddish tint of the sun paints even the remotest corners of Belgrade and reflects into the windows, even of those houses it otherwise poorly illuminates."

Written about Belgrade by: Ivo Andrić, Serbian Nobel prize laureate.

BELGRADE

Belgrade is situated in South-Eastern Europe, on the Balkan Peninsula. It lies at the point where the river Sava merges into the Danube, on the slope between two alluvial planes. The river waters surround it from three sides, and that is why since ancient times it has been the guardian of river passages. Because of its position it was properly called "the gate" of the Balkans, and "the door" to Central Europe. Along the ridge of the slope, from Kalemegdan, along the Knez Mihailova street, across Terazije to Slavija, stretches the main city traffic artery.

Belgrade is the intersection of the roads of Eastern and Western Europe which lead through the Morava-Vardar valley and Nišava-Marica valley to the shores of the Aegean Sea, to Asia Minor and to the Middle East. Belgrade lies on the Danube river, the sailing route, which connects the Western Europe and Central Europe countries with the countries of South-Eastern and Eastern Europe. By the construction of the artificial lake and the Đerdap power station, Belgrade became a river and sea port. The ships from the Black Sea sail to its docks, and with opening of the Rhine-Main-Danube canal, Belgrade came to the center of the most important sailing route in Europe: The North Sea - Atlantic - Black Sea route.

There are almost 300 cultural monuments within the territory of Belgrade, among which 57 are of utmost and significant importance for the culture of Serbia and Belgrade. Three spatial cultural-historical ensembles (Knez Mihajlova Street, Topčider and area around Dositej's Boarding School and the archaeological finds Belo Brdo in Vinča) have been proclaimed the values of extraordinary importance, and three spatial ensembles (Gročanski bazaar - Bulevar Oslobođenja, Kosančićev Venac, old nucleus of Zemun) and two remarkable locations (Bojčin's Forest and Commemorative Cemetery of Belgrade Liberators 1806) of great importance for the culture. The institutions for protection are responsible for some twenty archaeological finds throughout the City area.

As for the facilities proclaimed natural treasures, the ones of major importance are: Belgrade Fortress, Saint Archangel Michael Cathedral Church, Thumb of the Unknown Soldier on Avala, Monument at the death spot of despot Stefan Lazarević (Crkvine near Mladenovac), Cemetery of Belgrade Liberators, late Roman Tomb in Brestovik, Log-built church in Vranić, Birth Home of Voivode Stepa Stepanović, Palace of the Duchess Ljubica, Captain Miša's Edifice. The beauty of Belgrade squares and public gardens in ten town municipalities is supplemented by 192 monuments and 237 sculptures. About 70 monuments and works of sculpture are located in the outlying municipalities.
